As primeiras filas que criei no site: Dispatcher & Performer.

The screenshot shows the 'Filas' (Queues) tab in the UiPath Orchestrator interface. The left sidebar contains navigation options: 'Inquilino', 'Minhas pastas' (with a search bar), 'Meu espaço de trabalho', and 'Compartilhado'. The main content area has a top navigation bar with 'Lar', 'Automações', 'Monitoramento', 'Filas' (selected), 'Ativos', 'Balões de armazenamento', 'Teste', and 'Configurações'. Below this, there are tabs for 'Queues' and 'Review Requests'. A search bar and several filter dropdowns are present. A table lists the queues, with columns for Name, Description, Status, Remaining, Time, Success, Exception, and Actions. Two queues are listed: 'ConsultaIBGE\_Performer' and 'ConsultaIBGEQueue'. A '+ Adicionar fila' button is in the top right.
